

CAN DO 4 KIDS BENEFITS FROM WOODWORKERS EFFORTS

The Copper Coast Woodworkers Inc. again used their multiple talents during 2010, to raise money for Can do 4 Kids. This very worthy charity aids and supports families who have a child with hearing or sight difficulties and are based at Townsend House in Brighton, South Australia.

It was with the greatest pleasure that President Graham Nicolle was able to present a cheque for \$646.00 to Karl Zander (General Manager Marketing and Development) and Megan Gardner (Coordinator Donor Development).

Thank you to all the fine people who took time to make toys and Christmas decorations and especially to all those who purchased these items during the year. By working together we can assist with some of the miracles performed at Townsend House.
